

Which way does energy flow?

Draw an arrow in each gap to show the energy flow. Write P or C in each small box.

Example

sun

carrot

P

rabbit

C

fox

C

Serengeti grassland, Tanzania

1

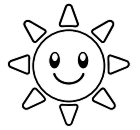

lion

zebra

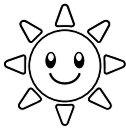

grass

sun

Cornfield, Mexico

2

sun

corn

mouse

snake

eagle

Garden, England

3

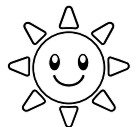

hedgehog

snail

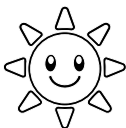

leaf

sun

Meadow, Ontario

4

sun

strawberry

mouse

owl

Remember: each arrow points to the living thing that gets the energy. P = producer, C = consumer.
