

Fact families to 20

Three numbers make a family: two parts and the whole. Write all four facts.

Example

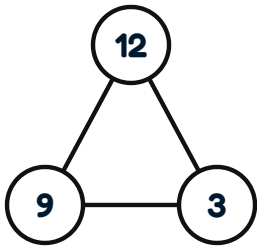

$$8 + 5 = 13$$

$$5 + 8 = 13$$

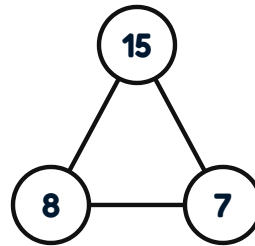

$$13 - 8 = 5$$

$$13 - 5 = 8$$

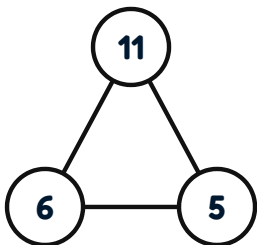

① Write the fact family for each triangle.

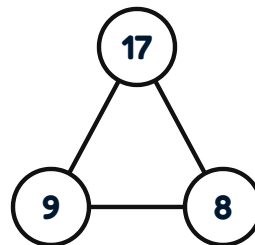

□	+	□	=	□
□	+	□	=	□
□	-	□	=	□
□	-	□	=	□

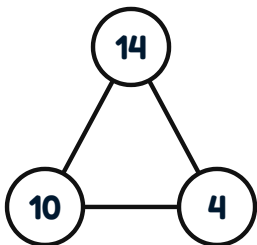

□	+	□	=	□
□	+	□	=	□
□	-	□	=	□
□	-	□	=	□

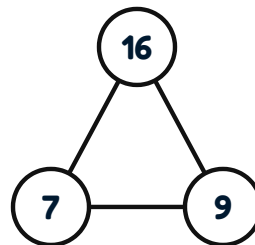

□	+	□	=	□
□	+	□	=	□
□	-	□	=	□
□	-	□	=	□

□	+	□	=	□
□	+	□	=	□
□	-	□	=	□
□	-	□	=	□

□	+	□	=	□
□	+	□	=	□
□	-	□	=	□
□	-	□	=	□

□	+	□	=	□
□	+	□	=	□
□	-	□	=	□
□	-	□	=	□

② Find the missing number.

$$9 + \square = 14$$

$$\square - 6 = 12$$

$$16 - \square = 9$$

$$\square + 7 = 18$$
