

# Animals change their world

Read what each animal does. Tick whether it is making a home or getting food.

| What does the animal do?                                                                                                                                                  | To make a home           | To get food              |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|  <p>① A beaver cuts down trees to build a dam and a lodge in the stream.</p>             | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>② In Kenya, an elephant pushes over a small tree to reach the leaves at the top.</p> | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>③ A robin weaves twigs and dry grass together in the branches of a tree.</p>         | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>④ In winter, a moose in Newfoundland chews the bark and twigs of young trees.</p>    | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>⑤ Ants dig tunnels and carry out bits of soil to build an anthill.</p>             | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>⑥ A bear rips open a rotten log to find ants and grubs inside.</p>                 | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>⑦ A fox digs a den in the side of a sandy hill.</p>                                | <input type="checkbox"/> | <input type="checkbox"/> |
|  <p>⑧ A pig digs up the dirt with its snout, looking for roots.</p>                    | <input type="checkbox"/> | <input type="checkbox"/> |

**Pick one animal. How did it change the land, water or plants around it?**
