

Build the food chains

Cut out the living things. Glue each food chain in order, starting with the producer.

producer

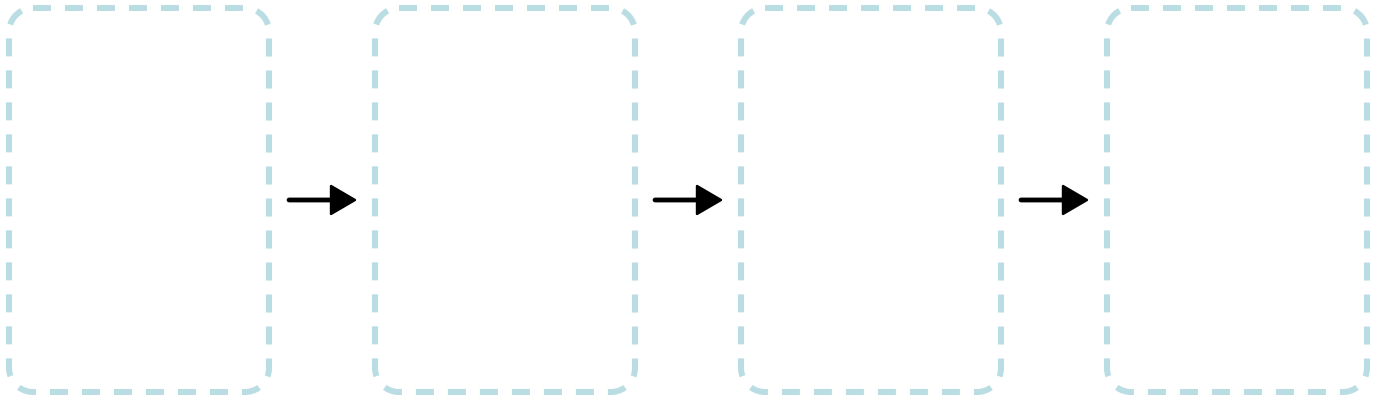

first consumer

second consumer

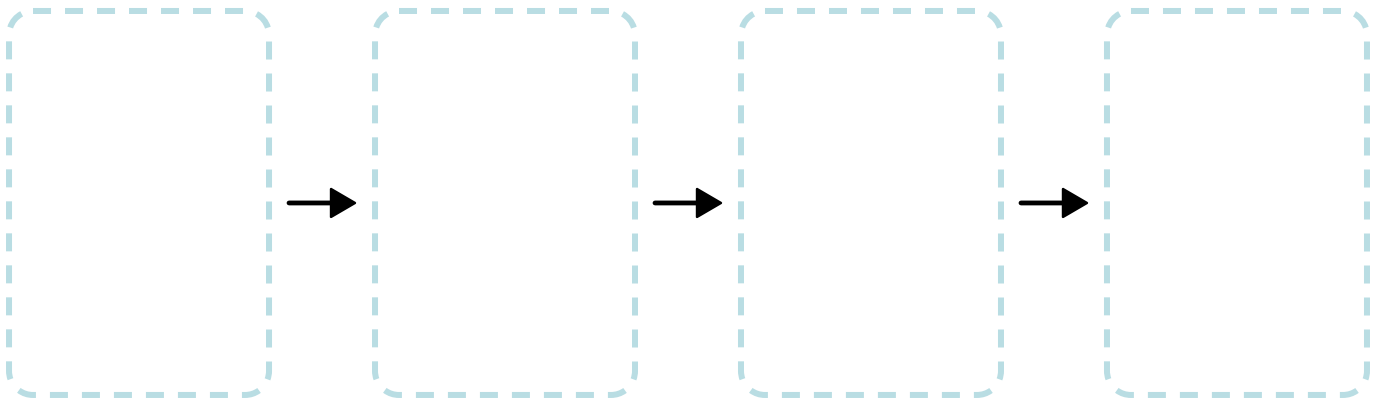

top consumer

Arctic Ocean, Nunavut

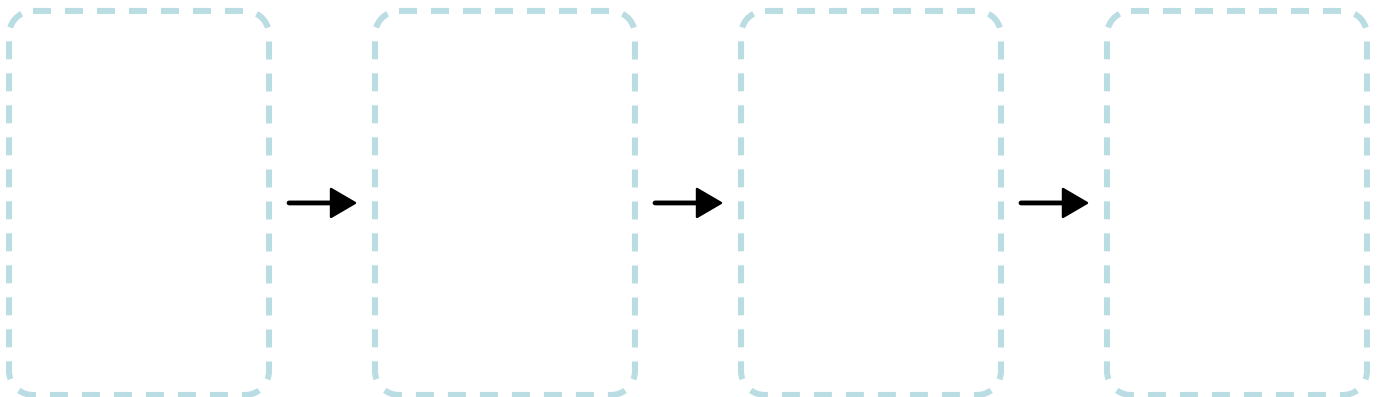

Each arrow means “is eaten by”.

Cornfield, Mexico

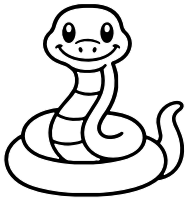

Pond, England

Your pieces to cut out are on the next page.

Build the food chains (pieces)

Cut out each piece along the dotted lines. Glue them on page 1.

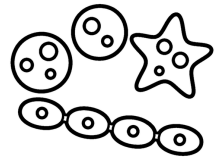

snake

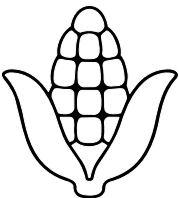

krill

fox

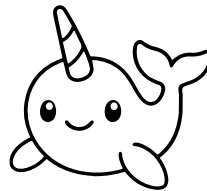

phytoplankton

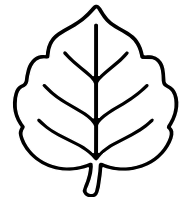

corn

snail

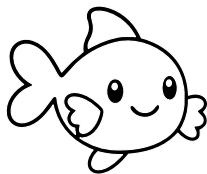

narwhal

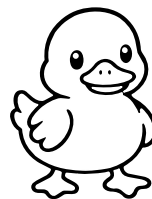

leaves

eagle

Arctic cod

duck

mouse
