Living or nonliving? (pieces)

Cut out each piece along the dotted lines. Glue them on page 1.

It grows and
changes as it
gets older.

It does not take
in air.

It takes in air.

It does not grow
by itself.

It does not need
food or water.

It needs food and
water to stay
alive.

It cannot make
more things like
itself.

It can make more
living things like
itself.
