

# Label the water cycle

Follow the arrows. Write the word from the bank for each numbered part of the cycle.

**WORD BANK**

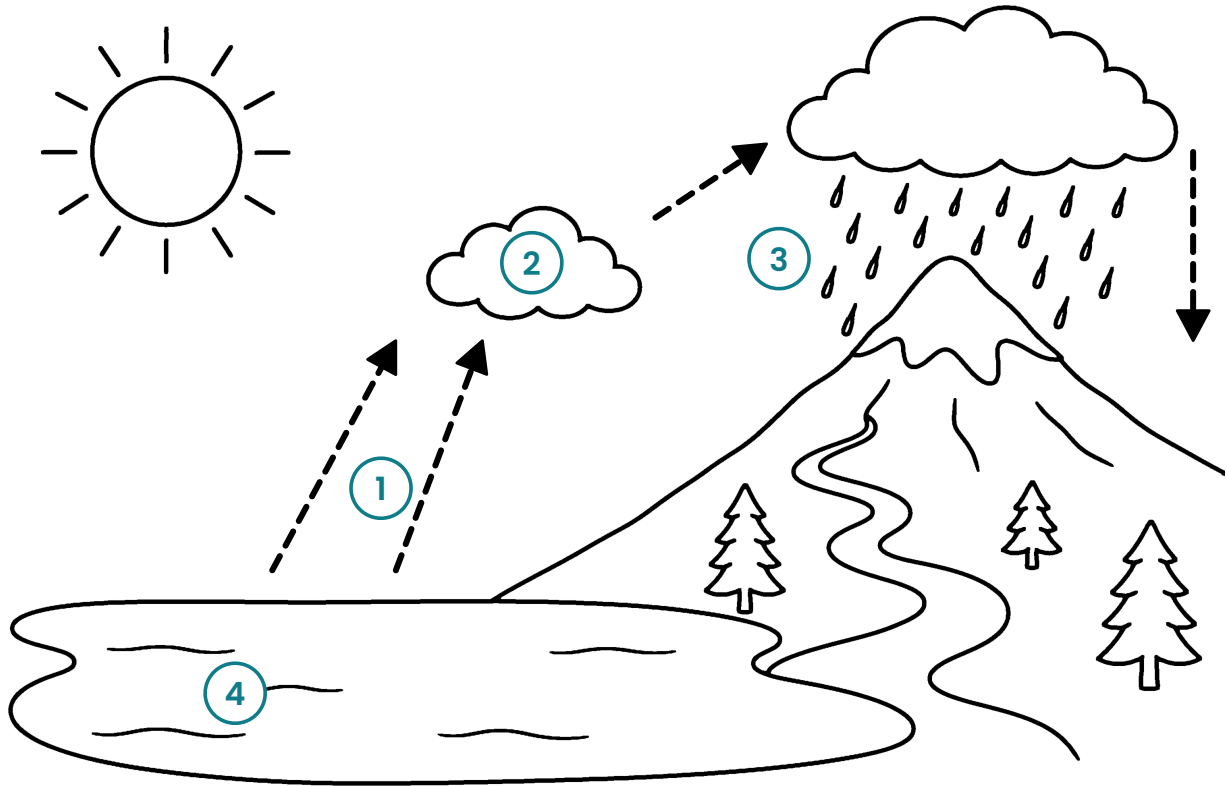

evaporation

condensation

precipitation

collection

① Label each numbered part of the diagram. \_\_\_\_\_

① \_\_\_\_\_ ② \_\_\_\_\_ ③ \_\_\_\_\_ ④ \_\_\_\_\_

② Use the word bank to finish each sentence. \_\_\_\_\_

1. The sun warms water and it rises as water vapour. This is \_\_\_\_\_.
2. Water vapour cools and forms the tiny drops in clouds. This is \_\_\_\_\_.
3. Water falls from clouds as rain, snow, sleet or hail. This is \_\_\_\_\_.
4. Water gathers in oceans, lakes, rivers and the ground. This is \_\_\_\_\_.
5. Why do we call it the water **cycle**?
