

| Let’s fix the problem!

Find out what people think about your neighbourhood, then plan a way to make it better.

Stay safe: survey only with a trusted adult beside you, and ask family, friends or neighbours you know.

① Ask five people each question. Make a tally mark for each answer. _____

#	Survey question	Yes (tally)	No (tally)
1	Is there litter on our streets or in our parks?		
2	Is it hard to cross a street safely on the way to school?		
3	Do children need more safe places to play outside?		
4	Do people need more recycling or compost bins?		
5	Are there too few trees or shady places to rest?		
6	Is it hard to get around for people who use wheelchairs or strollers?		

② Look at your results. _____

The question with the most yes answers: _____

The problem I will work on: _____

③ Brainstorm ways to fix the problem. _____

Idea 1

Idea 2

Who could help?

④ Write a note to your principal or council about your best idea. _____
