

Add tens with blocks

Count the rods in each group. Add the tens, then write the numbers.

EXAMPLE

$$\boxed{3} \text{ tens} + \boxed{2} \text{ tens} = \boxed{5} \text{ tens}$$

$$\boxed{30} + \boxed{20} = \boxed{50}$$

$$\boxed{} \text{ tens} + \boxed{} \text{ tens} = \boxed{} \text{ tens}$$

$$\boxed{} + \boxed{} = \boxed{}$$

$$\boxed{} \text{ tens} + \boxed{} \text{ tens} = \boxed{} \text{ tens}$$

$$\boxed{} + \boxed{} = \boxed{}$$

$$\boxed{} \text{ tens} + \boxed{} \text{ tens} = \boxed{} \text{ tens}$$

$$\boxed{} + \boxed{} = \boxed{}$$

$$\boxed{} \text{ tens} + \boxed{} \text{ tens} = \boxed{} \text{ tens}$$

$$\boxed{} + \boxed{} = \boxed{}$$

$$\boxed{} \text{ tens} + \boxed{} \text{ tens} = \boxed{} \text{ tens}$$

$$\boxed{} + \boxed{} = \boxed{}$$
