

I Count the recycling

Count the recycling. Show it on the graph. Then answer the questions.

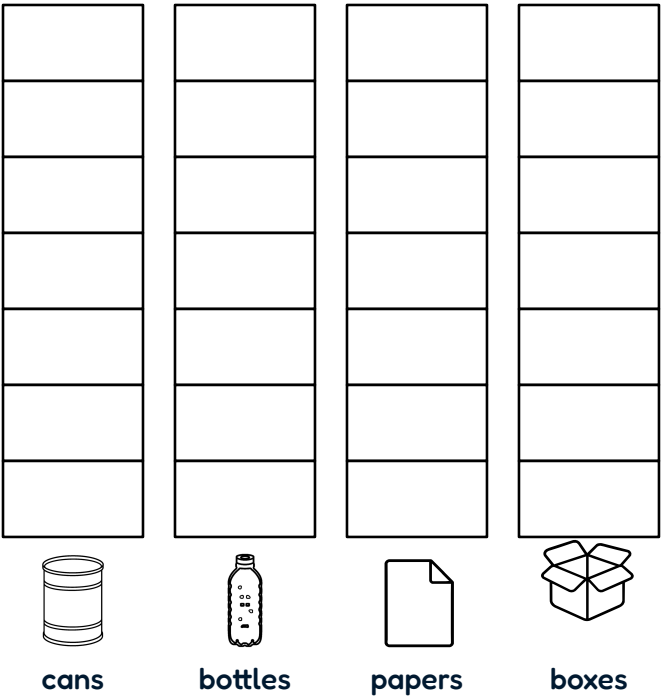

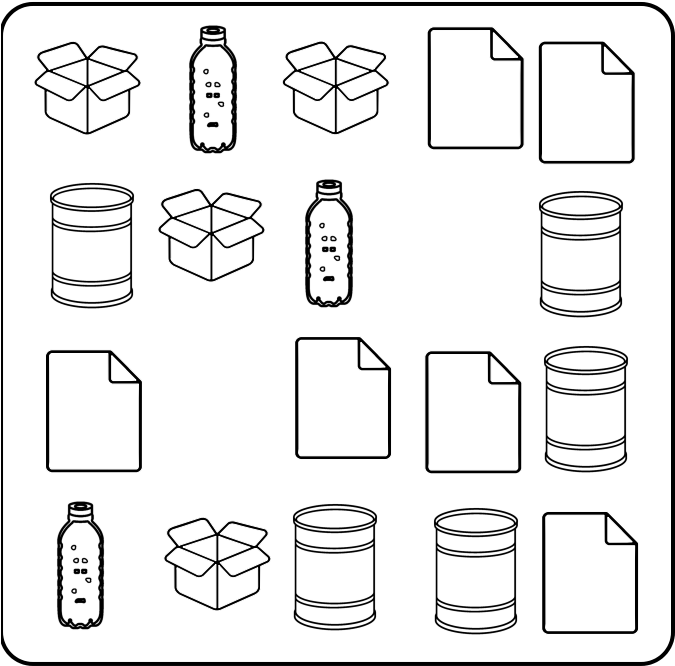

1 Look at our recycling.

Counting tip
Touch each one as you count. Make a small tick on it so you do not count it twice.

2 Count each kind. Colour one box for each one.

3 Use your graph.

1. Which kind has the most?

2. How many more papers than bottles?

3. How many cans and bottles in all?
