

I Make a tally table

Count the pond animals. Show each count with tally marks in the table.

1 Count each animal. Cross it off as you count it.

2 Make tally marks. Then write the number. Five is 

Animal	Tally marks	Number
 frogs		
 ducks		
 fish		
 turtles		

3 Use your tally table to answer.

1. Which animal did you count the most of?
2. How many more frogs than turtles are there?
3. How many animals are there in all?
